Subject DIM/LIM Design Review

## Description of Problem or Suggestion:

It is not clear where IDR and CDR level design reviews will be held for DIM/LIM internals. Only high-level information was provided at the IDR. It was also said that the EP7 design review may not be the appropriate forum for internal DIM/LIM design and functional flow reviews.

## Originator's Recommendation

Identify, schedule and conduct appropriate design reviews for DIM/LIM components of the Data Management Subsystem.
